

# Sustainable. Waste. Sorted.

Help us responsibly recycle your rubbish  
by putting it in the correct bin!

## Your recycling transformed.

We've made it easier for you to recycle your rubbish.

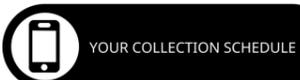

Alongside our waste partners **Coastal Recycling** we've devised a new system that makes recycling as easy as A-B-C.

Help your university reduce waste, increase recycling and work towards the ambitious, but achievable target of becoming net zero by 2030!

Scan this QR for your collection schedule and to find out more about how **Coastal Recycling** looks after your waste.

For any other questions regarding waste collections, contact your house keeping team.
